Donor Advised Funds

As followers of Christ, we want our generosity to advance God's Kingdom. Too often, however, charitable giving can feel overwhelming. Questions about timing, tax receipts, recordkeeping, and deciding which organizations to support can quietly discourage even the most willing heart. When giving feels complex, many delay or even forgo the opportunity to be generous.

A Donor Advised Fund (DAF) offers a simple, flexible way to give generously to your church and other ministries.

Think of a DAF as a charitable giving account designed to make a Kingdom impact. You can contribute cash, stocks, or other appreciated assets, receive an immediate tax deduction, and then recommend distributions at a later date to your church or favorite ministries. Instead of tracking multiple gifts throughout the year, you receive one consolidated statement that makes stewardship easier for you and your family.

Even better, a DAF allows you to be both intentional and responsive. You can set aside resources during seasons of abundance and deploy them thoughtfully over time to support mission effort, church planting, compassion ministries, and other causes close to your heart.

Generosity was never meant to be complicated. With a Donor Advised Fund, you gain a straightforward strategy that removes complexity and empowers faithful and flexible giving.
